

ASHLEY QUINNIE

Associate, Project Coordinator

Ashley is always building strong relationships with clients and leaders. She loves learning new things about people and seeing all sides of their interests, inside and outside of work, from what they do to the places they've been.

A lifelong learner, Ashley loves using her imagination and creative skills to be hands-on with projects and problem-solving. She makes sure timelines are on schedule, materials are top-notch, and projects are well-executed. Her drive to excel and learn means you can count on her to ask important questions and continuously seek improvement in the work she does for clients and leaders.

Before coming to FlashPoint, Ashley served as a Business Office Manager and Human Resources professional for an assisted living facility. Her love for people grew immensely in this role as she was offering support to the staff and giving them tools for success. Her motto is to always leave things better than when she found them.

Ashley has an associate degree in graphic design and has worked as an event planner and social media marketer, tapping into her creativity, attention to detail, and ability to bring other people's visions to life. This experience has shown her how hard work pays off, especially being able to plan and prepare for all outcomes.

After work hours, you'll find Ashley adding to her podcast, hosting family functions and game nights with friends, and enjoying a bit of alone time when she has the chance. She's passionate about creating, from developing social media content for a friend or making a vision board to doing home DIY projects or finding a reason to dye her hair.
